*" We are all looking for emotions,
it's only a question of finding
the way to experience them. "*

- Ayrton Senna

The **MSE Grand Tour** is more than a rally, it's a human adventure where friendship and sharing emotions are placed above all.

The 2024 edition will start from **Bordeaux** and will lead us on a **1400 km journey of small roads** and breathtaking sceneries to discover Spain!

A maximum of **20 Teams** will take part in the road-trip this year.

As usual, the rally is open to **every modern car without restrictions**. To participate, you just need a sports car, no need to have a supercar **to share the passion**.
